THE NATIONS CUP

The tournament draw will be oriented so that there will be a team from America, Asia, Africa and Europe in each qualifying pool.

Welcome

Saint-Tropez boasts an international reputation based on its rich history and important cultural and natural heritage. However, we must constantly revitalise our tourism offering and offer quality events to our visitors and residents.

Our city's influence in sports is a major challenge for our mandate, and we have chosen to stimulate a new dynamic with, among other things, the creation of new high-level events such as the 'Saint-Tropez Open', the 'Pétanque Masters' and the very spectacular 'SailGP'. **These new events now place Saint-Tropez on the map of international sporting events.**

This ambition led my sports assistant, Christophe COUTAL, and me to apply to host the 2023 edition of the **Lawyers World Cup in Saint-Tropez** from the 6th to the 11th of June.

This competition will bring together more than **1,200 passionate athletes** from **60 bars around the world** in the Gulf of Saint-Tropez. I want to thank the organisers and the neighbouring municipalities very much for agreeing to accompany us on this adventure.

I wish all the teams a warm **welcome to Saint-Tropez** and an excellent competition.

Saint-Tropez Sports Assistant

All the best in the competition, everyone!

Saint-Tropez is definitely a **watersports hotspot** with a nautical society that dates to over a hundred years old. However, our city's love of sport is not only expressed on the water.

Saint-Tropez has witnessed many great champions grow up: Marcel Aubour, French football team goalkeeper, the Trinquet sisters, both Olympic medallists in fencing, and Isabelle Demongeot, who was number two in French tennis in the 1980s, to name but a few prominent figures among a very large number of **champions and Tropezians** who all share the love of sport and Saint-Tropez.

Saint-Tropez is a sports-focused city. In addition to the disciplines offered by our 17 sporting unions and 23 associations, the municipality strives to develop a rich range of activities for children as well as for adults. This dynamic goes hand in hand with the improvement of our sports facilities, as was the case with the development of the new **Marcel Aubour stadium**.

We are proud and happy that this completely renovated facility will be able to host the Final of the Lawyers Football World Cup.

All the best in the competition, everyone. Long live football!

SAINT-TROPEZ

We will organise this competition from **Tuesday 6 June** (*draw*) to **Sunday 11 June** (*finals*) in the setting of Saint-Tropez, undoubtedly one of the most beautiful and famous villages in the world, located in France, on the shores of the Mediterranean Sea.

The parade will take place at the port of Saint-Tropez, in front of the most beautiful yachts in the world, and the **'Nations Cup Party'** at the famous Place des Lices in the heart of the village. The festive atmosphere of this village is incomparable, the surrounding landscapes sumptuous, and the beaches heavenly.

6 JUNE – 11 JUNE 2023

Don't miss out on this great new confraternal sporting event!

1 - Team registration

1.1. The tournament is intended exclusively for teams composed of lawyers from bar associations, groups of bar associations and law firms, notaries and magistrates.

1.2. Each team must consist of:

- **11-a-side football:** 13-26 players
- **5-a-side football:** 6-13 players

2 - Player eligibility

2.1. Team training

Each team must be made up taking into account the following provisions:

With the exception of cases of exemption referred to in section 2.2 below, players must be:

- Lawyers registered — or historically registered — with a bar association.
- Notaries registered — or historically registered — with a chamber of notaries.
- Magistrates — or former magistrates — in the different jurisdictions of their respective countries.
- Students or trainees, in one of these three professions, aged over 22 (born before 31/12/2001), up to a maximum of 2 per team for the Classic and Five Women & Men tournaments.

2.2 Principles of exemption

Exemptions may apply to holders of a legal or judicial higher education diploma and, more generally, to permanent employees of law firms, notarial studies or various jurisdictions. The number of exemptions cannot exceed 3 players per team. In this case, a list mentioning exemptions and non-exemptions, as well as a certificate of employment guaranteeing that the exemptions are indeed permanent employees of the company, must be provided. These employees must be over 30 years of age (born before 31/12/1993) in the Classic and Five Women & Men tournaments, over 35 years of age in the Master tournament (born before 31/12/1988), over 45 years of age in the Legend tournament (born before 31/12/1978) and over 55 years of age in the Super Legend tournament (born before 31/12/1968).

2.3 Validation of exemptions

No exemption requests will be accepted for non-lawyer players who play or having played football for a professional club, a semi-professional club or any other club for payment. For exemption requests to be admissible, they should be sent to Mr Vincent PINATEL, Mundiavocat's founding lawyer, no later than 45 days prior to the start of the tournament. All conditions set out above relating to exemptions are mandatory but are not in themselves sufficient to guarantee an exemption. The final decision lies with the waiver commission composed of Mr Vincent PINATEL and Mr Thibault PAGNIER (Director of the tournament).
